

Conference on Machine Learning for Data Science & IoT (MLDI-2019)

8-9 February 2019

About

About University

Savitribai Phule Pune University, one of the premier universities in India, is positioned in the North-western part of Pune city spread in an area of about 411 acres. It was established on 10th February, 1949 under the Poona University Act. It is popularly known as the 'Oxford of the East'. It has about 307 recognized research institutes and 612 affiliated colleges offering graduate and under-graduate courses. Savitribai Phule Pune University is one of the finest and most popular educational centers in the state. It offers excellent programs in various areas including Science, Engineering and Technology, Commerce, Arts, Languages and Management Studies. For further information, please visit www.unipune.ac.in

About PICT

An Engineering college established in 1983, Pune Institute of Computer Technology (PICT) has been one of the leading institutes in Information Technology education and research. PICT is focused on creating versatile engineers who can apply their knowledge and skills anywhere in the world. The college is well known as a reputed institute for UG and PG programmes in Computer Engineering, Information Technology and Electronics & Telecommunication Engineering (PG-E&TC Microwave Engineering). The college also runs Ph.D Programmes in Computer Engineering, and Electronics and Telecommunication Engineering.

The Institute has introduced a scheme of innovative and comprehensive education at university and technical education level which aims at excellence but not at the cost of the relevance. It aims at inculcating dignity of labor, encourages initiative and creative work, which is multidisciplinary, which prepares students for the increasingly techno-oriented society of

tomorrow and which will generate in the alumni the basic values of humanism, secularism and democracy.

We have Research & Development and Entrepreneurship Development Cell to inculcate research culture and enterprising skills among the students and faculty.

Spread over 5 acres of beautiful landscape, PICT is home to 269 hostelers, 2400 + day scholars and over 200 + staff. A Canteen is functioning to cater the students, staff, parents and visitors. Rejuvenating facilities like basket ball court / Gym / TT are available. 24hours medical facility is available.

About Department

Department of Computer Engineering is a synergistic product of many proactive minds. The Bachelor of Engineering Program in Computer Engineering commenced from the academic year 1983-84. The current student intake capacity is 240. It has always been among the top performers in the region. The Department is known for its excellent results and student placement. The Department has pioneered the first Post Graduate Department in Computer Engineering from unaided Engineering Colleges, with current intake of 25 in first-shift and 24 in second-shift. The department is recognized as Ph.D. research center since 2014.

About the Conference

Being in the age of data deluge and identifying the data as an asset, data science in itself has become a field of study. IoT has reached to every person connected or using a compute device, be it a computer or mobile. There is a lot of research being conducted by industry as well as academia in these fields. Machine learning and Artificial intelligence are the prime movers behind the applications useful for the society in these domains. This conference is an opportunity for the researchers, academicians, and industry persons to not only explore the ideas, concepts and practices but also to gain from the experiences of the others. Tutorials will be a point of attraction for all the PG and Ph.D. scholars to hear the experiences from the experts. This conference is approved and supported by Savitribai Phule Pune University. The conference will be technically sponsored by IEEE Computer Society, Pune Chapter.

All the accepted and presented papers will be published in UGC Approved journal. The journal details are as follows:

Name of the Journal: International Journal of Computer Sciences and Engineering

UGC Journal No. : 63193

ISSN : 2347-2693 (Online)

Impact Factor: 3.022
