new vista of Information Technology needed in new IT era. Information Technology is affecting nearly every facet of human endeavour and that effect is to speed up, to simplify the process of work, innovation and scientific exploration. This Conference shall cover the topics related to Advanced Computing, IT applications, its challenges, opportunities and security etc.

ETACIT-2K18 will provide an interdisciplinary platform to scientists, researchers, academicians, students, entrepreneurs and corporate representatives from Computer Science, Information Technology, Management, Mathematics, Electronics, Healthcare, Economics, Humanities and all domains to discuss and present their ideas and have thought-provoking conversations and meaningful interactions on the emerging approaches in Advanced Computing and Information Technology. Overall the Conference will provide the researchers with prospects for national collaboration and networking among institutions and industry for promoting research. ETACIT-2K18 will be held at Department of Computer Science & IT, Kathua Campus, University of Jammu, Kathua, J&K, India on February 24-25, 2018.
